THE TRUDEAU SANATORIUM
and
THE EDWARD L. TRUDEAU FOUNDATION

THE TRUDEAU SANATORIUM was founded in 1884 by the late Dr. Edward L. Trudeau to help self-supporting people suffering from tuberculosis.

The institution was definitely intended for those who could pay only part of the cost. The deficit in maintenance is and always has been made up by annual gifts from the public and income from endowment funds. The charges to patients average three-quarters of the cost, but from fifteen to twenty per cent receive further assistance from the Free Bed Funds. Additional endowment for the general maintenance and for the Free Bed Funds is greatly needed, and legacies are desired to strengthen the now enlarged institution.

The following brief summary sets forth the objects and departments of the institution as now carried on:

1. *The Trudeau Sanatorium* is for the treatment of favorable types of pulmonary tuberculosis and for patients of limited means. The full capacity is 185 beds.

2. *The Edward L. Trudeau Foundation* is an endowment fund in memory of Dr. Trudeau, established in 1916, for the support of research and teaching in tuberculosis. The fund is devoted to the following purposes:

- a. *The Trudeau School of Tuberculosis* for the instruction of physicians, gives a four and six weeks' post-graduate course covering the modern diagnosis and treatment of tuberculosis.

- b. A system of *Fellowships* for study and research in the Sanatorium and laboratories, which provide support for young physicians and scientists while undergoing treatment.

c. *The Research and Clinical Laboratory*, located at the Sanatorium, containing facilities for the study of bacteriology, chemistry and pathology. It includes a large medical library.

d. A department for *statistics*, and for recording the annual reports of patients.

e. *The Saranac Laboratory for the Study of Tuberculosis*, located in the village of Saranac Lake, which was formerly the private research laboratory of Dr. Trudeau, and is now the headquarters of the Trudeau School and of pathological study and research.

Annexed to the Saranac Laboratory is the John Black Room and medical library, which serves the Trudeau School and Fellows as well as the village physicians, and where lectures are given.

PRESIDENT'S REPORT

ON BEHALF of the Board of Trustees I have the honor to report another successful year in the operation of the Trudeau Sanatorium.

The details of these operations will be found in the report of the Chairman of the Executive Committee which deserves careful study.

During the past year the Board has lost two very valuable members through death: Mr. George S. Brewster, who, as trustee, secretary and later treasurer, served the Sanatorium devotedly for thirty years, and Mr. Lewis S. Thompson, who as trustee for seventeen years was always deeply interested in and most helpful to the institution.

The Board is very happy to record the recovery of Dr. Baldwin from a severe illness, and his continued devoted attention to the affairs of the Sanatorium.

The medical care of the patients has been continued at a very high standard under Dr. Heise and the scientific work has been conducted under Dr. Gardner who now directs the activities of both the Saranac Laboratory and the Trudeau Laboratory, an arrangement which makes for increased efficiency and upon which is based a programme for the development of future research work which may have important results.

We also wish to record our appreciation of the active services of our Vice-President, Dr. Francis B. Trudeau, who has done much to assist the medical and nursing services and to whom we largely owe the enlistment of the interest of Mr. Ernest H. Wood who becomes our Assistant Superintendent, and in this position will be able to do much to second the devoted services of Mr. Armstrong, so long a tower of strength in our administrative department.

The recently organized Women's Auxiliary, under the chairmanship of Mrs. Henry Anderson and the close co-operation of Mrs. Francis Trudeau, has concerned itself with the improvement of the interior decoration of many of the buildings and the increased comfort

of the patients for which the Board wishes to express its deep appreciation.

The Sanatorium has operated with a full census of patients for practically the entire year which has increased our operating income and the improved economic situation has resulted in a somewhat diminished demand upon our Free Bed Fund. Nevertheless, the annual deficit continues to be large and has not been fully met by the contributions from our generous friends. As a result the Board has been under the necessity of drawing upon our operating funds which are now approaching exhaustion.

In the confidence that the work of the Sanatorium is of such a high order that it has the hearty approval not only of the patients but also of all those familiar with its activities, the Board of Trustees appeals to all friends of the institution to contribute to its support in order that the standards of the past and the programme of the future may be adequately maintained.

JAMES ALEXANDER MILLER

ANNUAL REPORT
OF THE
CHAIRMAN OF THE EXECUTIVE COMMITTEE
OF THE
TRUDEAU SANATORIUM

FOR THE YEAR ENDING SEPTEMBER 30, 1936

IN BEGINNING the fifty-second report it is necessary to inject a note of sadness at the start. The past year brought new losses of faithful friends of Dr. Trudeau, who served the institution many years. They were Mr. George S. Brewster, for thirty years Trustee, Secretary and Treasurer, and Mr. Lewis S. Thompson, a Trustee for seventeen years. The latter was especially interested in and fostered the research work. Both gave their time and support in generous measure.

Another old friend and relative of Dr. Trudeau, Mr. J. Lawrence Aspinwall, architect, also passed away. He was the designer of many of the earlier buildings and of the Saranac Laboratory. Much of his time was given as a labor of love and devotion.

Increased Number of Patients: It is gratifying to present a more favorable report for the fifty-second year of the Sanatorium. The total income from patients was larger, due to a greater average under treatment, 209.4 as compared with 185 in 1935. These higher figures were reached by utilizing all the possible bed capacity during the summer months, for the census falls low in the winter.

SUMMARY

To meet the frequent requests for a concise financial statement of the year's operations the following is offered:

Total operating expenditures -----	\$354,496.92
Construction and improvements, and equipment -----	12,579.12
Miscellaneous accounts, uncollectible -----	980.57
Grand total -----	368,056.61
Sanatorium income from all departments -----	298,807.62
Gross deficit -----	69,248.99

Income:

From endowment -----	\$39,312.99
From contributions -----	13,210.12
	<hr/> 52,523.11

Net deficit ----- 16,725.88

The deficit has been met in part by drafts on the Special Reserve Fund and the remainder from the Superintendent's current operating balance, which has been lowered from \$65,000 to \$28,000 in the last four years. (In explanation it may be stated that the Special Reserve Fund is maintained for emergencies and has been sustained in recent years by legacies which were not specified for endowment. See page 30.)

Weekly Cost per Patient: The figures are \$24.93 as compared with \$26.11 in 1935, a drop of \$1.18, although food costs increased from \$0.259 to \$0.273 per meal.

Donations:

General Fund -----	\$9,810.12
For special purposes -----	3,400.00
	<hr/> 13,210.12

Legacies:

H. deB. Parsons, endowment -----	1,000.00
Elizabeth Mills Reid (installment) -----	14,153.66
Edward J. King -----	3,000.00
	<hr/> 18,153.66

Free Bed Funds:

Donations:

Endowment (Crenshaw Memorial \$1,000) ---	1,025.00
	<hr/>
To current funds -----	7,020.44
Balance from 1935 -----	6.00
Interest and dividends from endowment -----	3,523.26
	<hr/>
Total income available -----	10,549.70
46 beneficiaries received -----	10,518.45
	<hr/>
Balance remaining September 30, 1936 -----	31.25

Employed Ex-patients: Fifty-nine ex-patients, whose disease has been more or less completely arrested, earned \$36,000, for the most part in addition to maintenance. Twelve others supported by the Trudeau Foundation earned \$22,600, none of whom received maintenance.

Construction and Improvements: Three more cottages have been renovated and redecorated under the direction of Mrs. Francis B. Trudeau and the Women's Auxiliary, with striking improvement in comfort and appearance of the interiors.

The redecoration of the Main Building, begun last year,
was completed ----- \$ 407.47

A Grinnell sprinkler system was installed in the Ludington Infirmary, a welcome safeguard against fire risk to patients ----- 5,130.18

Additional heating equipment designed to reduce fuel costs was placed in the James Memorial Building, Ludington and Childs Infirmaries and in Reid House 592.48

New Equipment was purchased for the X-Ray Department, Resident Physician's cottage, Medical Department, Main Kitchen and Laundry ----- 3,740.33

New sewer lines were laid to a number of cottages near the south gate ----- 659.28

The resurfacing of our roads by W. P. A. assistance was refused by the New York State administrator on the ground that the institution is a private one.

The alteration of the Mills Home and the Inslee Cottage as recommended by the Women's Auxiliary was found too expensive and likely to add to the operating costs.

The Women's Auxiliary: The ladies of the auxiliary have made visits to the Sanatorium and have made a number of useful suggestions and improvements. Mrs. Trudeau was appointed Treasurer of the committee and donations received amounted to \$495.00 for the year. Mrs. Henry H. Anderson gave a card party at her camp, the proceeds of which were \$300.00.

The renovations already made in the cottages added materially to the comfort of the patients, and receive much favorable comment.

Medical Report: The number of patients treated last year was 6 less than in 1935; the average stay was, however, longer, and the daily census was 13 per cent higher.

The number treated was ----- 465
 The number remaining Sept. 30, 1936, was ----- 201

 The number discharged was ----- 264
 Those remaining an average of ten months were ---- 187

<i>Classification</i>	<i>Cases</i>	<i>Percent</i>
Non-tuberculous -----	10	4.3
Suspected tuberculosis -----	6	2.5
Arrested -----	16	6.8
Apparently arrested -----	12	5.1
Quiescent -----	105	44.5
Improved -----	64	27.1
Unimproved -----	20	8.4
Died -----	3	1.3

 236 100.0
 Convalescent patients previously reported 28

 264
 The average daily census was ----- 209.4

THE DEPARTMENTS

Administration: Mr. Armstrong, our Superintendent, has carried a heavy load of responsibility for many years. An Assistant Superintendent, Mr. Ernest H. Wood, has been appointed and will begin duty October 1st and relieve Mr. Armstrong of many details. Mr. Wood has been Executive Secretary of the Saranac Lake Tuberculosis Society for twelve years and brings experience and proven ability to his new task.

Miss Duggan, supervisor of housekeeping, continues her devoted and capable service.

Medical Staff: Interns who served in 1936 were Dr. John B. O'Connor, who left to take a residency at Sanatorium Gabriels; Dr.

Norman Wilson, now an intern at the University of Maryland Hospital; Dr. James Munro, who later gave up for reasons of health; Dr. Carl Muschenheim, Dr. Walsh McDermott, Mr. W. O. Kelley, and Dr. Robert Yeager who is still a member of the staff. Five third-year students served as summer interns. The Sanatorium again had the benefit of time and counsel given by the Visiting Staff, Drs. Trudeau, Packard and Hayes; of the Consulting Surgeons, Drs. Woodruff and Welles; and of the Consulting Laryngologist, Dr. Wilson, while other specialists of Saranac Lake have willingly co-operated on many occasions.

Grateful acknowledgment is due Dr. Eric L. Alling of New York for valuable counsel in psychiatry.

We are glad to report Dr. Steidl's improved health and return to duty as Assistant Resident. Dr. Spencer Schwarz of the staff gave praiseworthy service during Dr. Steidl's illness.

The Dental Department in charge of Dr. J. L. Carr was fully occupied with much work for patients, with beneficial results. To indicate the importance of this branch of the medical work, there were 2103 defects found in 351 patients.

The Nursing Department and Graduate Nursing School: All pupils of the D. Ogden Mills Training School for Nurses have now completed their work at Trudeau and nearly all have finished their affiliation. A last group of five will begin affiliation in January.

On the initiative of Miss F. Blanche Mann, Superintendent of Nurses, and with much encouragement from the State Department of Nursing Education, a new post-graduate course of training in tuberculosis was offered. Many inquiries were received and the first class of six began a four-month course in September. A second class, now almost fully enrolled, is projected for January. The course appears to meet a real need.

The staff is now composed entirely of graduate nurses, and the number has been further reduced from 32 a year ago to 25 on September 30th, without lowering in any way the standard of care in the infirmaries.. The number now serving is of course augmented by the six post-graduate students.

Miss Margaret Bryce Mundie, R.N., was appointed Assistant Superintendent of Nurses.

X-Ray Department: The use of over 16,000 films in the year testifies to the continued activity of the roentgen laboratory under the direction of Dr. Homer L. Sampson. Examinations numbered 5,600, of which 4,800 were of the chest.

About 10,000 other films of silicosis suspects were studied by Dr. Sampson in connection with the field surveys undertaken by the Saranac Laboratory. Roentgenographers in the field have been increased from three to four. Dr. Sampson has made several trips to centers where the dust problem in industry is important, and has given help to state commissions and others confronted with the problem of silicosis. The great increase in this phase of the x-ray work made it necessary to expand the staff and Dr. John W. Karr of Rochester was appointed an assistant.

The Libraries: The Mellon Library has had the most active year of its existence. Circulation among the patients was 9500, an increase of 1800, of which 5500 were delivered to the infirmaries. Donations of books numbered 575 and total volumes are now 6310. The usefulness of the library is indicated by its constantly increasing circulation. Miss Millicent Pierce, the librarian, reports the enthusiastic reception of a "pay shelf" started this year, where a small fee is paid which aids the accession by purchase of many current publications. Among the contributors of books, magazines and funds, the interest and support of Miss Eleanor Mellon, Miss Annie Burr Jennings, Mr. and Mrs. K. Barleben and Mr. H. Janssen are outstanding. Many patients gave both books and assistance.

The Medical Library: Miss Marjorie G. Smith continues to give faithful service as part-time librarian. Several important volumes were purchased last year, and no further reduction was made in the number of periodicals. Many medical books and 12 journal subscriptions were donated. The library has attracted much attention for its comprehensive collection of both current and historical works on tuberculosis.

The Statistical Office: The department suffered the loss of Mr. Wm. A. P. Hennigar, who retired as statistician and organist after fifteen years of conscientious service carried on under conditions of failing health. Mr. Frank Bucci, whose voluntary assistance gave

him familiarity with the office, is continuing the work. Other volunteer assistants were Miss Lovejoy, Miss Baker, Mr. Rigley and Mr. Murray.

Chapel Services: For nineteen years the anniversary of Dr. Trudeau's death has been observed with memorial services, but on the twentieth a change was made. Instead of the customary memorial occasion a birthday celebration was held October 5th, in the Chapel, and an address given by the Rev. Mr. J. DeWolf Hubbard of St. Luke's Episcopal Church, Saranac Lake.

The pastors of the village who continue to hold services are the Rev. Mr. Hubbard, Rev. Fathers Kitts, Burns and Garnsey, Rev. H. W. Lyon, Rev. Oscar Plumb and Rev. Otto Sieker. Miss Carolyn Manning, organist, has had charge of the music and during Lent Mrs. Gallup played. The Junior Choir of the Presbyterian Church presented a program of Christmas music. Thanks are due Mrs. Samuel Kelly for help in the singing.

Entertainment: The revived Thursday Evening Club continues active and arranged an elaborate Hallowe'en celebration, besides a number of other pleasant occasions.

Through the courtesy of the Lake Placid Club, the Boston Symphony Ensemble again gave two enjoyable complimentary concerts.

Miss Carmela Ippolito, violiniste, with Carl Lamson at the piano, gave a complimentary concert that was much appreciated, and the Oscar Seagle group of musicians came from Schroon Lake to present a delightful program of music at the suggestion of Miss Winifred Griffin, a former pupil of Mr. Seagle's.

Dr. James J. Walsh of New York gave another of his entertaining lectures on "The How of Laughter", and the boys of Camp Santaroni again entertained with their music.

The Workshop: The interest and generosity of Mrs. Meredith Hare continue to be a stimulus to the teachers and patients alike. Thirteen crafts were taught to 234 patients, with silver and leather work most preferred.

Assistance was also given to teachers and workers of the new Saranac Lake Study and Craft Guild.

The teaching has been carried on as usual by Miss Pierce and her

assistants, Miss Schiefer and Miss Knox, although the latter was absent for five months. Mr. Vernon Laurence again gave valuable instruction, and other volunteer teachers were Mr. John Orvis and Mr. Kirk Smith. Mr. Anthony diBona continues to give lessons in sculpture.

Forty-eight patients confined to infirmaries or rest cottages were among those who received instruction.

Research and Clinical Laboratory: Research has been seriously curtailed the past three years by lack of funds, but there has been some accomplishment in the study of various vitamins D, C, and E in their effects upon tuberculosis in animals. Dr. Martin, one of the Trudeau Foundation fellows, received financial assistance from the American Medical Association for experiments with vitamin C. Other studies are planned but await necessary funds.

The vitamin D experiments were completed and reports are now in press. Mr. Steenken continued his work on the lysis of the tubercle bacillus in culture and with Miss Smith is studying methods of digestion of sputum and media for cultivation.

Dr. Gardner has been given the additional responsibility of directing the research at Trudeau and is working on plans for an extensive study to cover a period of at least ten years.

The Saranac Laboratory: The experimental work on inhaled dust in relation to infection and immunity in tuberculosis is still in progress, financed by contributions from industrial and insurance groups. Mr. Cummings' illness has compelled Dr. Gardner to devote much of his time to administrative duties connected with the field service, but research work is progressing under the supervision of Dr. Vorwald. Mr. Robert Downs, roentgenological supervisor, has ably assumed responsibility for many of the operations in the field. The study in the Lake Superior iron ore mines is now in its third year. A medical clinic has been established in the Indiana Harbor plant of the Inland Steel Company to make a survey of its present and prospective employees and of possible health hazards in the plant. Further studies have been made in the gypsum industry, and surveys of three cement plants located in Pennsylvania, Alabama and Kansas are still in progress. All these programs include physical examinations

by company physicians or by Dr. Brumfiel of Saranac Lake, routine roentgenograms of the chests of all employees and an engineering survey of dust hazards in the plants. Sources of danger are pointed out to the managements, with recommendations for their elimination. Where local conditions warrant, engineers in the employ of the company are trained to make dust counts so they may be in a position to maintain continuous control of the programs instituted for dust prevention.

Trudeau School of Tuberculosis: The 1936 session was the 22nd held since 1916 when the first course was given. Nineteen graduate physicians completed the four weeks' course here, and 11 of these took the additional work at Bellevue Hospital in New York. Four of the group were tuberculous. Four scholarships were granted. Canada, British West Indies, Belgium, China and Japan were represented in the enrollment.

The total number of medical and science graduates and students who have taken the Trudeau School course is now 496.

The silicosis symposium offered as a part of the course in 1934 and 1935 was not given this year, but will again be included in the 1937 session, owing to the interest shown by physicians treating lung diseases in industrial centers.

Lecturers from elsewhere were Dr. George Draper, associate professor of medicine at Columbia University, New York, and Dr. Anthony Cipollaro, attending dermatologist and instructor in dermatology, New York Post-Graduate School of Medicine, New York.

Trudeau Foundation: Two fellows were maintained for nine months each and two others for shorter periods.

The Research Committee of the American Medical Association provided a grant of \$200 and loaned valuable apparatus to assist the work of one fellow.

Four summer interns were also maintained.

The pledge of \$100,000 for endowment of the Saranac Laboratory was completed by the gift of \$50,000 by the Milbank Memorial Fund in January.

Publications: Eleven contributions to the literature on tuberculosis were published during the year.

(Signed) EDWARD R. BALDWIN, M.D., *Chairman*

NECROLOGY

GEORGE S. BREWSTER, Trustee and Treasurer of Trudeau Sanatorium, died at Jekyl Island, Ga., March 11, 1936.

LEWIS S. THOMPSON, Trustee of Trudeau Sanatorium, Red Bank, N. J., died at Thomasville, Ga., March 25, 1936.

J. LAWRENCE ASPINWALL, cousin of Dr. Edward L. Trudeau, New York City, died May 16, 1936.

TREASURER'S REPORT OF THE TRUDEAU SANATORIUM

Surplus and Deficit Account

For the Year Ended September 30, 1936

Grand Total Current Revenue	351,330.73	Grand Total Current Expenses	354,496.92
		Doubtful Accounts Receivable	980.57
		<i>Capital Expenditures:</i>	
		Additions to Sites and Grounds	906.41
		Additions to Buildings and Improvements	7,938.31
		New Equipment	3,734.40
Deficit for the Year	16,725.88	Total Capital Expenditures	12,579.12
			368,056.61

121 The total Sanatorium operating income for the year 1936 amounted to \$299,424.62 against total operating expenses, including improvements to buildings and new equipment, of \$368,056.61, resulting in a gross deficit of \$68,631.99, and after deducting the income from investments and contributions amounting to \$51,906.11, the result is a net deficit of \$16,725.88. The average weekly per capita

cost, or the cost of taking care of one patient one week (including nursing) amounted to \$24.93. The average paid by each patient amounted to \$20.88, and the average weekly deficit per patient was \$4.05.

The distribution of the average weekly cost per patient was as follows:

Administrative Expense	1.20	4.8%
Housing and Feeding Expense	12.92	51.8%
Professional Care of Patients:		
Medical	1.66	6.7%
Nursing	8.73	35.0%
Dental	10.81	1.7%
	24.93	100.0%

The average daily main dining room and tray census was 234 and the total number of hospital days was 85,607. The average raw

food cost per meal was .2729 and the number of meals served to employees and patients was 349,086.

ACCOUNTANTS' REPORT

To the Trustees of Trudeau Sanatorium, Trudeau, N.Y.:

We have examined the cash records of the Trudeau Sanatorium, Trudeau, N.Y., and the Trudeau Foundation Funds, Saranac Lake, N.Y., for the year ended September 30, 1936. The foregoing Summary of Receipts and Disbursements has been prepared therefrom and, in our opinion, fairly sets forth the transactions recorded therein.

PEAT, MARWICK, MITCHELL & Co.

New York, N.Y., December 15, 1936.

Hulda K. Thier.

FORM OF BEQUEST

I GIVE and bequeath to "*The Trudeau Sanatorium*" of Essex County, State of New York, incorporated under the laws of the said State of New York the 4th day of March, 1889, the sum of _____ dollars: To have and possess the same unto the said "*Trudeau Sanatorium*," its successors or assigns, to the uses, disposition and benefits thereof forever.

Note: If the bequest is intended for the research and teaching department the form should be amended by inserting "*The Edward L. Trudeau Foundation of the*" before the words "*Trudeau Sanatorium*" where they occur in the above.

FORM OF DEVISE

I GIVE and devise to "*The Trudeau Sanatorium*" of Essex County, State of New York, incorporated under the laws of the said State of New York the 4th day of March, 1889, all that certain piece or parcel of land (with the buildings thereon erected), situated, lying and being etc. (here describe property): To have and to hold the same unto the said "*Trudeau Sanatorium*," its successors or assigns, to its own use and behoof in fee simple absolute.

MEMORIAL AND ENDOWED FREE BEDS

THE sum of five hundred dollars (\$500.00) will establish a Free Bed for any period of six months' treatment, as a memorial if desired, or

An endowed Free Bed Fund may be established in perpetuity to be occupied for such number of hospital days as shall be covered by the income from the endowment given for the purpose.

Such gifts to be named by the donor, and the applicants for the privileges to be subject to the same requirements in the entrance examinations, rates for board, and all other rules and regulations existing at the time for patients of the Sanatorium.
